IMPORTANT NOTICE: This is meant to be a good-value travel experience trip, planned to find a right balance between adventure, nature, culture, shopping and even chill-out time. Having said that, travelers should still be relatively fit, with a good sense of humor, and above all, have the right attitude for close travel with others through possibly some trying times. Most definitely, this is not a trip for prudes, whiners, fuss-pots, and other similarly assorted types! We had a couple of those before and it wasn't pleasant for us or them
