IMPORTANT NOTICE: This is meant to be a "free and easy" adventure trip. Participants should be relatively fit, with a good sense of humor, and above all, have the right attitude for close travel with others through possibly some trying times. Most definitely, this is not a trip for prudes, whiners, fuss-pots, and other similarly assorted types! We had a couple of those before and it wasn't pleasant for us or them. Although every effort will be made to stick to the given itinerary, ground conditions may change and cause some disruption and/or deviation from the norm. Otherwise, have fun.

Jiuzhaigou stunning View

Jiuzhaigou, translated Nine Stockade Valley, is one of the top China destinations, especially in the super peak months of October. We also visit the equally popular Huanglong. We enter from the north, traveling along good roads that passes beautiful Tibetan villages and rolling hills. We overnight in Tibetan town/village of Xiahe, Langmusi and Ruergai. We spend a full day in Jiuzhaigou when gates open till gate closes, using the inner walking trails, away from the expected huge crowds. Sichuan Monastery and Gansu Monastery. Both are majestic temples with red walls and golden roofs built on the high slopes, overlooking hundreds of white-painted monks' houses. ON Langmusi.
