Update 6 Aug 2024 Estimate trip costs based on current quotes from ground operators, and subject to changes for significant increases to fuel prices in 2025. Online return flight tickets with Qatar Airways is about RM4.047. Group size is max 18pax + 1 yongo leader

IMPORTANT NOTICE: This is meant to be a "free and easy" adventure trip. Participants should be relatively fit, with a good sense of humor, and above all, have the right attitude for close travel with others through possibly some trying times. Most definitely, this is not a trip for prudes, whiners, fussy-pots, and other similarly assorted types! We had a couple of those before and it wasn't pleasant for us or them. Although every effort will be made to stick to the given itinerary, ground conditions may change and cause some disruption and/or deviation from the norm. Otherwise, have fun !
