Most definitely, this is not a trip for prudes, whiners, fuss-pots, and other similarly assorted types! We had a couple of those before and it wasn't pleasant for us or them. Although every effort will be made to stick to the given itinerary, ground conditions may change and cause some disruption and/or deviation from the norm. Otherwise, have fun.

Opened only from late-May to early Oct, Tusheti is one of the highest and remotest mountain areas, often considered the Holy Trail of Georgian travel - the final frontier. By YONG LEE KENG.
