#### **IMPORTANT NOTICE**

This is meant to be a "free and easy" adventure trip. Participants should be relatively fit, with a good sense of humour, and above all, have the right attitude for close travel with others through possibly some trying times. Most definitely, this is not a trip for prudes, whiners, fuss-pots, and other similiarly assorted types! We had a couple of those before and it wasn't pleasant for us or them. Although every effort will be made to stick to the given itinerary, ground conditions may change and cause some disruption and/or deviation from the norm. Otherwise, have fun.

This trip is a backpack experience using public buses/trains/taxis/metros from town to town. It is essential that participants pack light and preferably use backpacks or cabin size luggage with wheels. STRICTLY NO BIG luggage. If in doubt about the packing/luggage, please contact us.
